

APPENDIX B

Assessment & DIM Pricing

Energize Delaware's Home Performance with ENERGY STAR® Program (the "Program") offers financial incentives for contractors who are approved to participate (referred to as "Participating Contractors") in the Program for the completion of Comprehensive Home Energy Assessments. The following is the approved pricing schedule regarding assessments and direct install measures (DIMs) available to Participating APC & HPC contractors. Please refer to the Contractor Operations Manual for the list of included items (diagnostics, tests, modeling and reporting) in a Comprehensive Home Energy Assessment.
